The Baked Hot Chili Curls - I mean, talk about delicious. I bought these and let's just say it's a good thing Whole Foods is not the grocery store most convenient to my home, because I would probably own stock in Michael Season's by now, in the form of 500 bushels of Hot Chili Pepper Baked Cheese Curls - Midwest Girl

I just picked up a bag of your baked cheese curls at my local co-op. OMG, they ROCK MY WORLD!!!!!!!!!! So much tastier than my old nasty love,,,,, Better for you too. Excellent product. I put a shoutout on my facebook page with a link to your website. .

I'm definitely gonna spread the word. I'm sold. I'll never buy again. :) Heidi

Your Hot Chili Pepper Cheddar Cheese Curls are fantastic! The first one that I tried didn't have any pepper and I thought \"Oh well, just another ho-hum snack food\". Then I tried a second one. That little curl was packin' some serious \"heat\"! Thanks for making a great product. R. Miller
